AmiCell® SMS DIRECT

# AmiCell®

## SMS

HOW IT WORKS

AmiCell® SMS Direct is an Internet based SMS system hosted by MicroTeq directly on the AmiCell® SMS Access Point. AmiCell® SMS Direct is a user friendly and effective tool to instantly send SMS messages and to receive replies via an Internet Browser from any computer anywhere on the Internet. Just like internet banking.

AmiCell® SMS Direct has a multi-user comprehensive address book for storing recipient contact details. The address consists of a three-tier storage structure so you can store you recipients in easy-to-access folders and groups. Detailed historical data of all SMS transactions, error logs, replies, usage statistics, etc. can at any time be exported to spreadsheets or PDF file formats.

AmiCell® SMS Direct has the ability to send large volumes of SMS Messages at a very high delivery rate through the AmiCell® SMS Access Point even if your Internet connection speed is slow.

AmiCell® SMS Direct is the perfect SMS tool for individuals, small or large organizations that requires an effective yet simple tool to send out bulk or single SMS messages without the need to install software onto local computers but utilize Internet Browser technology.
